

Crescent Academy International PARENTAL AGREEMENT FORM

We, as Muslims parents, accept the challenge to raise our child Islamically and pledge to do our utmost to uphold and reinforce the academic, moral and religious training our child receives at school.

1. We pledge to make sure that our child does his/her best in his academic work (including homestudy, classwork, and class participation) by encouraging and assisting him/her as needed, Islamically and academically.
2. We pledge that our child will be punctual in school attendance since this is essential for effective Islamic education.
3. We pledge to support the teacher and school administration. If a misunderstanding or disagreement arises, we pledge to resolve this matter in a way that will not undermine the reputation and integrity of Crescent Academy International, the administration, teachers, students or other Crescent families. We pledge to constantly remind our child of the importance of respect for parents, teachers and others.
4. We understand that our children may be included in video or photographs taken during class field trips, special activities and classroom activities. We hereby grant Crescent Academy the right to take such photographs and/or videotape our children and to utilize this material in any of its educational programs or in promoting such programs to the public.
5. We agree to pay for any school property that is damaged or lost by our child. This shall include, but not be limited to, books, supplies, equipment, furniture, building fixtures, etc.
6. We understand our financial obligation to the school and agree to meet our obligations in a timely manner in accordance with our Tuition Contract. We understand that continued enrollment of our child is contingent upon abiding by policies and procedures, acceptable behavior, academic progress and payment of all school fees.
7. We understand that the actual cost of educating our child exceeds the tuition fees collected by the school from parents. We therefore pledge to support the school throughout the year in its policies, religious and academic programs, fund raising efforts and other school activities.
8. We further understand our child's education can only be successful when we, the parents, are actively involved and committed.
9. We have read the handbook and agree to abide by these policies: **(see crescentacademy.org)**

Code of conduct
 Discipline policy
 Attendance policy

Uniform policy
 Parent pledge
 Picture policy

We, as parents, do sincerely give our pledge to all of the items stated above. Finally, we understand that failure to comply with this agreement can result in suspension of our child from Crescent Academy International.

SIGNATURE OF PARENTS (Signature of both parents is required)
